II. EXPLANATION OF RELEVANCE

10 References AA, AB, AC, AL, AM, AR and AS were cited during earlier PCT examination proceedings. Reference AL, which is in German, discloses a distances and/or spatial coordinates measuring device for moving objects. Reference AS is in German, and no English translation is presently available. However, if the Examiner desires such, Applicant will provide it upon request. Since references AA, AB, AC, AM and AR are in English, no further commentary concerning their teachings is necessary.

15 Reference AT was cited for the reasons noted in the Applicants' specification. Since reference AT is in English, no further commentary concerning its teachings is necessary.

20 References AN, AO, AU, AV and AW are further prior art in the general field as the present invention. Reference AN, which is in German, discloses recording a three-dimensional image of an object. Reference AO, which is in German, discloses a method for identifying people and identification cards. References AU and AV, are in German, and no English translations are presently available. However, if the Examiner desires such, Applicant will provide them upon request. Since reference AW is in English, no further commentary concerning its teachings is necessary.

25 None of the above references discloses or suggests a method for three-dimensional identification of objects as disclosed in the present invention.

Copies of each of the above references together with Form 1449 are submitted herewith in accordance with 37 C.F.R. §1.98. The non-English references AL and AN are accompanied by English-language Derwent abstracts. The non-English reference

30

AO is accompanied by an English translation of Claim 1. Except as provided, the undersigned does not possess English translations of the non-English reference.

As of the date of mailing of this Information Disclosure Statement, a first Office Action on the merits has not been received in connection with this application, and therefore, this Information Disclosure Statement is in compliance with 37 C.F.R. §1.97(b)(3), and no fee is necessary.

All claims of the application are patentable over the teachings of the above references, taken singly or in combination. Early consideration of the application is therefore respectfully requested.

Submitted by,

(Reg. 28,982)
